Use a scale and draw:

5 different angles

Measure them using a protractor

3. Real-Life Math Activity -

Visit a shop and note down prices of 5 items

Calculate:

Total cost

Change received (if ₹500 is given)

4. Fun with Fractions -

Draw a pizza or roti

Show: $\frac{1}{2}$, $\frac{1}{4}$, $\frac{3}{4}$ using coloring

5. Puzzle Activity -

Create your own: Number puzzle or crossword using numbers

Instructions -

Do all written work in a neat notebook

Use colors for diagrams and charts

Submit after holidays

Be creative in activities

SCIENCE

- Learn and write Chapter 1 neatly in a separate science notebook.
- Complete all question answers and exercises from the chapter.

***Make one working model or one 3D model related to science.**

Suggested Working Model Ideas (Pick Only One)

- Water Cycle Model
- Solar System 3D Model
- Volcano Eruption Model
- Windmill Working Model
- Human Respiratory System model

Instructions

- Use coloured sheets and proper labelling.
- Keep handwriting neat and clean.
- Submit the homework on time.
- Revise the chapter thoroughly for oral assessment.
- Do not use thermocol or any non-biodegradable material in your model.
- Use eco-friendly and biodegradable materials only to help save earth.

Pledge Writing Activity

- Write 5 lines on how students can protect trees and nature.

S.St.

1. Map Work -

On a political map of India, locate and label:

Uttar Pradesh, Delhi, Maharashtra, Rajasthan, West Bengal
